

ALVEY WASH DISTRIBUTION SYSTEM MEETING MINUTES

Wednesday, April 6, 1977
Double D Cafe, Escalante, Utah

The meeting was opened at 3:00 p.m. by Donald C. Norseth who asked the water users if they wished to elect their own chairman. They stated that he should act as chairman. The call of the meeting was reviewed, and the meeting proceeded.

The minutes for the 1976 meeting were read and approved as written. Then Mr. Norseth gave the financial statement and asked for questions. Leo Wilson said that he had paid his assessment for 1977. The financial report was approved as given. Mr. Norseth said he would check on Mr. Wilson's assessment for him.

Melvin Alvey then gave the commissioner's report and stated that some of the weirs needed maintenance and that no water had flowed to the Barney diversion. Mr. Wilson had had water in the ditch for two weeks. Mr. Rucker had had no water out on the Barney place. The motion was made by Mrs. Bailey and seconded by Leo Wilson that the commissioner's report be approved. Motion carried.

The budget for 1977 was the next item of discussion. The motion was made by Thurman Spencer and seconded by Leo Wilson that the 1977 budget and assessment be set the same as the 1976. Motion carried.

Mrs. Bailey made the motion that Melvin Alvey be recommended to the State Engineer for commissioner for 1977. Leo Wilson seconded the motion, and it carried.

Melvin Alvey asked about his voucher --he had been paid for 1976 in 1977. Mr. Norseth said he would check on it. Mr. Alvey stated that the tables for different Parshall flume sizes would be helpful for the water users in setting their headgates and determining their water supply. Mr. Norseth said he would make some copies and mail them to the water users.

There being no further items, the meeting adjourned.
